

29–31 January 2025

9th ENERGAS 2025 Technical and Scientific Conference

**“High-pressure gas pipelines – new technologies, specialist works, services
and gas network infrastructure equipment”**

Kocierz Hotel & SPA, 206 Beskidzka Street, Targanice, 34-120 Andrychów

Agenda

Day One (29 January 2025)

14:30 Participant registration (check-in begins at 15:00) **15:45 Opening of the
ENERGAS 2025 Conference**

I. Directions for the development of the gas market in Poland

16:00–16:25 Chamber of Commerce for the Gas Industry

16:25–16:50 Overview of current Power to GaS technologies – Silesian

University of Technology

16:50–17:15 Biomethane as an alternative to natural gas in the DSO's gas distribution
network

Gascontrol Polska Sp. z o.o.

17:15–17:30 *Coffee break*

17:30–17:55 bioLNG – one way to decarbonise gaseous fuels ORLEN S.A.

17:55–18:20 Programme for the construction of gas-fuelled vehicle refuelling
stations Polska Spółka Gazownictwa Sp. z o.o.

18:20–18:45 ‘Gas, Biomethane, Hydrogen ... Nuclear. Valves for the most
demanding applications’ – POLNA S.A.

19:00 *Dinner*

29–31 January 2025

Day Two (30 January 2025)

9:00 Start of Day 2 of the Energas 2025 Conference

II. Modern technologies in the gas industry

9.00–9.25 Gas metering technology today and tomorrow from Endress+Hauser.

Endress+Hauser Polska Sp. z o.o.

9.25–9.50 Altosonic V12 – a reliable ultrasonic flowmeter for measuring natural gas and hydrogen Pipe Patrol – smart pipeline management: monitoring and protection

KROHNE Polska Sp. z o.o.

9.50–10:15 TECHNOLOGICAL SYSTEMS FOR THE PREPARATION AND HEATING GAS FUEL, illustrated by the 'turnkey' implementation of a gas-steam combined heat and power plant for Zespół Elektrociepłowni Wrocławskich KOGENERACJA S.A. in Siechnice

Gascontrol Polska Sp. z o.o.

10:15–10:40 EU Regulation on methane – an overview of the regulatory framework and cooperation with stakeholders, in particular: OGMP, CEN and the European Commission

PICARRO S.A.R.L.

10:40–11:00 *Coffee break*

11:00–11:25 The transformation of the heating sector in selected countries – experiences from the SET_HEAT project

Silesian University of Technology

11:25–11:50 'Filters and separators for natural gas and hydrogen'

FILTAN Bau- und Anlagentechnik GmbH

12:00–12:30 WORKSHOPS: Live demonstration of the PCUBED software package
by PICARRO S.A.R.L.

29–31 January 2025

12:35–13:00 FITTINGS FOR NATURAL GAS TRANSMISSION: ARMA-POL – VEXVE
ARMATURY GROUP, MANUFACTURING – SUPPLY – SERVICE

ARMA-POL P.R.U.H.

13:00–13:25 Together we can achieve more: Takoni x Metkom

METKOM KRÓL Sp. z o.o.

13:30–15:00 *Lunch*

15:00–15:25 Repairs and upgrades with AUMA actuators – enhancing functionality and reliability

AUMA Polska Sp. z o.o.

15:25–15:50 REGADA – reliable actuators for valve automation EMET-

IMPEX S.A.

III. **Operation and protection of gas pipelines**

15:50–16:15 Anti-corrosion coatings for steel pipelines – 35 years' experience ANTICOR

Sp. z o.o.

16:15–16:40 Picarro's success in implementing EU regulations on methane in distribution companies

PICARRO S.A.R.L

16:50–17:40 WORKSHOPS: Live demonstration of the PICARRO vehicle – LDAR

PICARRO S.A.R.L

18:30 *Dinner*

29–31 January 2025

Day three (31 January 2025)

10:00 Start of Day 3 of the Energas 2025 Conference

IV. Innovations in the gas industry

10:00–10:25 Pressure vessels and storage tanks, together with associated infrastructure.

DB Instalacje Sp. z o.o.

10:25–10:50 Emerson's innovative solutions for demanding natural gas applications

Emerson Automation Solutions

10:50–11:15 Ammonia as a fuel for gas turbines Silesian

University of Technology

11:15–11:30 End of the conference

11:30 *Lunch*
