

ENERGAS 2026

January 28th - 30th 2026

Xth Technical and Scientific Conference ENERGAS 2026

„High-pressure gas pipelines - new technologies, specialist works, services and equipment of the gas network infrastructure”

Kocierz Hotel & SPA ul. Beskidzka 206 Targanice, 34-120 Andrychów

Agenda

Day I (January 28th, 2026)

14:30 Registration of participants (check-in time starts at 15:00)

15:45 Start of Energas 2026 Conference

I. Directions of development of the gas market in Poland

16:00-16:25 Activities of the Chamber of the Natural Gas Industry
IGG

16:25-16:50 The biomethane market from the perspective of Polska Spółka Gazownictwa
Polish Gas Distribution Company

16:50-17:15 Biomethane, green gas in the OSC gas distribution network
Gascontrol Polska Sp. z o.o.

17:15-17:30 *Coffee break*

17:30-17:55 Is the Polish biomethane quality standard a barrier or market protection?
Reality vs. regulations from the perspective of analytical technologies.
OMC ENVAG Sp. z o.o.

17:55-18:20 Diagnostics of steel pipelines transporting natural gas with hydrogen additives – conclusions from the Safe Hydrogen Injection Modelling and Management for European Gas Network Resilience project (SHIMMER)
Gaz-System S.A.

18:30 *Dinner*

ENERGAS 2026

January 28th - 30th 2026

Day II (January 29th, 2026)

10:00 Start of the 2nd day of Energas 2026 Conference

Modern technologies in the gas industry

10:00-10:25 AI on the construction site – intelligent supervision of quality, work progress, and infrastructure maintenance

AI Clearing

10:25-10:50 The future and challenges in settlement measurements of natural gas flow.

Endress+Hauser Polska sp. z o.o.

10:50-11:15 Two-gas 6-stroke internal combustion engine – simulations and experimental measurements.

Silesian University of Technology

11:15-11:40 Regular inspections with intelligent pistons – the key to safe operation of transmission pipelines

PIPECARE Group

11:40-12:00 *Coffee break*

12:00-12:25 AUMA - Trusted automation of fittings with strong service support during start-up and maintenance of reliability for years to come.

AUMA Polska Sp. z o.o.

12:25-12:50 The ALTOSONIC V12 flow meter as the standard for gas metering: key advantages and references

KROHNE Polska Sp. z o.o.

12:50-13:15 Gas transmission through polymer materials in the context of the Methane Directive and hydrogen blending"

Polish Gas Distribution Company

13:15-13:40 Adaptable monitoring solutions: how Picarro provides critical data on the health of gas distribution networks

PICARRO SARL

ENERGAS 2026

January 28th - 30th 2026

13:40-14:00 Live presentation of the PICARRO device

14:10-15:30 *Lunch break*

15:30-15:55 Education in gas engineering and gas energy at the Silesian University of Technology

Silesian University of Technology

15.55-16:20 Cold reduction and hydrogen – Oxford Flow reducers

Media Transfer Solutions sp. z o. o.

II. Exploitation and protection of gas pipelines

16:20-16:45 Safety and reliability of high-pressure infrastructure – best practices and new concepts

Swagelok Polska Central Fluidsystems Sp.z o.o.

16:45-17:10 Digital transformation of gas pipelines: from real-time monitoring to predictive maintenance

EDRMedeso Sp. z o.o.

17:10-17:35 DB Instalacje's business activities

DB Instalacje Sp. z o.o.

18:30 *Dinner*

Day III (January 30th, 2026)

10:00 Start of the 3rd day of Energas 2026 Conference

III. Innovations in the gas industry

10:00-10:25 The verification of measurement results

Silesian University of Technology

10:25-10:50 Vexve Armatury / Arma-Pol. Production, supply of fittings, and comprehensive technical support for strategic gas infrastructure in Poland.

P.R.U.H ARMA-POL

ENERGAS 2026

January 28th - 30th 2026

10:50-11:15 Title

Operator Gazociągów Przesyłowych Gaz-System S.A.

11:15-11:30 End of the Energas 2026 conference

Gascontrol Polska Sp. z o.o.

12:00-13:00 *Lunch*
